

Pediatric Cancer Research Foundation 2013 Grants

2013 PCRFB Laboratory Grant

Mitchell Cairo, M.D.
New York Medical College
Valhalla, New York
Basic, Translational and Clinical Research in Pediatric Hematology, Oncology and Stem Cell Transplantation.

2013 Translational Grant

Pediatric Cancer Research Foundation Clinical Trials Consortium
Leo Mascarenhas, M.D., M.S.
Children's Center for Cancer and Blood Diseases
At Children's Hospital Los Angeles
Los Angeles, California
Pediatric cancer clinical trials program overseeing more than 100 Phase I, II or III trials.

2013 High Impact Grant

Laurence Cooper, M.D., Ph.D.
MD Anderson Cancer Center
Houston, Texas
Enhancing the Anti-Tumor Effect of T-Cells Derived from Umbilical Cord Blood.

2013 Designated Grants

Theodore Moore, M.D.
UCLA Mattel Children's Hospital
Los Angeles, California
Pediatric Hematopoietic Stem Cell Transplant and Relapsed Leukemia.

Alan Homans, M.D.
Vermont Cancer Center, University of Vermont
Burlington, Vermont
Research and education regarding the potential late effects of childhood cancer.

2013 Lectureships and Symposia

Pediatric Cancer Research Foundation Memorial Lectureship (July 2013)
Edward C. Halperin, M.D., M.A.
New York Medical College
The most serious question now confronting pediatric radiation oncology

Pediatric Cancer Research Foundation 2012 Grants

2012 PCRF Laboratory Grant

Mitchell Cairo, M.D.
New York Medical College
Valhalla, New York
Basic, Translational and Clinical Research in Pediatric Hematology, Oncology and Stem Cell Transplantation.

2012 Translational Grant

Pediatric Cancer Research Foundation Clinical Trials Consortium
Leo Mascarenhas, M.D., M.S.
Children's Center for Cancer and Blood Diseases
At Children's Hospital Los Angeles
Los Angeles, California
Pediatric cancer clinical trials program overseeing more than 100 Phase I, II or III trials.

2012 High Impact Grant

Laurence Cooper, M.D., Ph.D.
MD Anderson Cancer Center
Houston, Texas
Enhancing the Anti-Tumor Effect of T-Cells Derived from Umbilical Cord Blood.

2012 Designated Grant

Theodore Moore, M.D.
UCLA Mattel Children's Hospital
Los Angeles, California
Pediatric Hematopoietic Stem Cell Transplant and Relapsed Leukemia.

2012 Lectureships and Symposia

Fourth International Symposium on Childhood Non-Hodgkin's Lymphoma
Co- Chairs - Mitchell Cairo, M.D. of New York Medical College
Alfred Reiter, M.D. of University of Giessen, Germany
Latest scientific and clinical advances in childhood hematological malignancies and stem cell transplantation.

Pediatric Cancer Research Foundation 2011 Grants

2011 PCRFB Laboratory Grant

Mitchell Cairo, M.D.
New York Medical College
Valhalla, New York
Basic, Translational and Clinical Research in Pediatric Hematology, Oncology and Stem Cell Transplantation.

2011 Translational Grant

Pediatric Cancer Research Foundation Clinical Trials Consortium
Stuart Siegel, M.D.
Children's Center for Cancer and Blood Diseases
At Children's Hospital Los Angeles
Los Angeles, California
Pediatric cancer clinical trials program overseeing more than 100 Phase I, II or III trials.

2011 High Impact Grant

Laurence Cooper, M.D., Ph.D.
MD Anderson Cancer Center
Houston, Texas
Enhancing the Anti-Tumor Effect of T-Cells Derived from Umbilical Cord Blood.

2011 Designated Grant

Theodore Moore, M.D.
UCLA Mattel Children's Hospital
Los Angeles, California
Pediatric Hematopoietic Stem Cell Transplant and Relapsed Leukemia.

Pediatric Cancer Research Foundation 2010 Grants

2010 PCRF Laboratory Grant

Mitchell Cairo, M.D.
Columbia University Medical Center
New York, New York
Basic, Translational and Clinical Research in Pediatric Hematology, Oncology and Stem Cell Transplantation.

2010 Translational Grant

Pediatric Cancer Research Foundation Consortium (*includes the following institutions*)
Mitchell Cairo, M.D.
Columbia University Medical Center
Paul Gaynon, M.D.
Children's Hospital Los Angeles
Theodore Moore, M.D.
UCLA Children's Health Center
Violet Shen, M.D.
Children's Hospital of Orange County
Develop and execute Phase I, Phase II and/or pilot clinical research protocols.

2010 High Impact Grants

J. Eric Bubbers, Ph.D.
Children's Hospital Los Angeles
Los Angeles, California
Therapeutic Advances in Childhood Leukemia and Lymphoma (TACL).

Laurence Cooper, M.D., Ph.D.
MD Anderson Cancer Center
Houston, Texas
Rapid Production of Clinical Grade T-Cells to Target Pediatric B-lineage Leukemia.

Jonathan Finlay, M.D.
Children's Hospital Los Angeles
Los Angeles, California
Head Start I, II and III Consortium

Michael Jensen, M.D.
Beckman Research Institute of the City of Hope
Duarte, California
Development of a novel cellular immunotherapy approach to treating children with relapsed embryonal brain tumors.

Robert Seeger, M.D.
Children's Hospital Los Angeles
Los Angeles, California
New Approaches to Neuroblastoma Therapy (NANT)

2010 Designated Grants

Karen Sakamoto, M.D., Ph.D.
UCLA Mattel Children's Hospital
Los Angeles, California
Translational research using targeted therapies in pediatric malignancies.

Pediatric Cancer Research Foundation 2009 Grants

2009 PCRF Laboratory Grant

Mitchell Cairo, M.D.
Columbia University Medical Center
New York, New York
Basic, Translational and Clinical Research in Pediatric Hematology, Oncology and Stem Cell Transplantation.

2009 Translational Grant

Pediatric Cancer Research Foundation Consortium (*includes the following institutions*)
Mitchell Cairo, M.D.
Columbia University Medical Center
Paul Gaynon, M.D.
Children's Hospital Los Angeles
Theodore Moore, M.D.
UCLA Children's Health Center
Violet Shen, M.D.
Children's Hospital of Orange County
Develop and execute Phase I, Phase II and/or pilot clinical research protocols.

2009 High Impact Grants

Michael Jensen, M.D.
Beckman Research Institute of the City of Hope
Duarte, California
Development of a novel cellular immunotherapy approach to treating children with relapsed embryonal brain tumors.

Laurence Cooper, M.D., Ph.D.
MD Anderson Cancer Center
Houston, Texas
Development of a novel cellular immunotherapy approach to treating children with relapsed embryonal brain tumors.

2009 Designated Grants

Karen Sakamoto, M.D., Ph.D.
UCLA Children's Health Center
Los Angeles, California
Translational research using targeted therapies in pediatric malignancies.

Jonathan Finlay, M.D.
Children's Hospital Los Angeles
Los Angeles, California
The Head Start Consortium for the Treatment of Young Children with Malignant Embryonal Central Nervous System Tumors.
